

Independent Auditor's Report

To

The Members of

Alpha Alternatives Financial Services Private Limited

Report on the audit of the Financial Statements

Opinion

1. We have audited the accompanying Financial Statements of Alpha Alternatives Financial Services Private Limited (Formerly known as 'Provincial Finance and Leasing Co Private Limited ')(the Company'), which comprise the Balance Sheet as at 31 March 2025, and the Statement of Profit And Loss (including Other Comprehensive Income), Statement of Changes in Equity and Statement of Cash Flows for the year ended on that date, and notes to the Financial Statements, including a summary of material accounting policy information and other explanatory information (the Financial Statements').
2. In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Financial Statements give the information required by the Companies Act, 2013 ('Act') in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ('Ind AS') and other accounting principles generally accepted in India, of the State of Affairs of the Company as at 31 March 2025, and its Profit and Other Comprehensive Income, Changes in Equity and its Cash Flows for the year ended on that date.

Basis for Opinion

3. We conducted our audit in accordance with the Standards on Auditing ('SAs') specified under section 143(10) of the Act. Our responsibilities under those SAs are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ('ICAI') together with the ethical requirements that are relevant to our audit of the Financial Statements under the provisions of the Act, and the rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the Financial Statements.

Other Information

4. The Company's Board of Directors are responsible for the other information. The other information comprises the information included in the Company's annual report-but does not include the Financial Statements and our auditors' report thereon. The Other Information is expected to be made available to us after the date of this auditor's report
5. Our opinion on the Financial Statements does not cover the other information and we do not express any form of assurance conclusion thereon.
6. In connection with our audit of the Financial Statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the Financial Statements, or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we

conclude that there is a material misstatement of this other information, we are required to report that fact.

7. When we read the annual report, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance and take appropriate action as applicable under the relevant laws and regulations

Responsibilities of Management and Those Charged with Governance for the Financial Statements

8. The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act, with respect to the preparation of these Financial Statements that give a true and fair view of the State of Affairs, profit and Other Comprehensive Income, Changes in Equity and Cash Flows of the Company in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection of the appropriate accounting software for ensuring compliance with applicable laws and regulations including those related to retention of audit logs; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.
9. In preparing the Financial Statements, the Board of Directors is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.
10. The Board of Directors is also responsible for overseeing the Company's financial reporting process.

Auditor's responsibilities for the audit of the Financial Statements

11. Our objectives are to obtain reasonable assurance about whether the Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Financial Statements. As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:
 - 11.1. Identify and assess the risks of material misstatement of the Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
 - 11.2. Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) the Act, we are also responsible

for expressing our opinion on whether the Company has adequate internal financial controls with reference to Financial Statements in place and the operating effectiveness of such controls.

- 11.3. Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Management.
- 11.4. Conclude on the appropriateness of the Management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- 11.5. Evaluate the overall presentation, structure and content of the Financial Statements, including the disclosures, and whether the Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.
12. We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.
13. We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.
14. From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Financial Statements of the current year and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matter

15. The Financial Statements of the Company for the year ended 31 March 2024 were audited by erstwhile Statutory auditors whose reports dated 30 May 2024 expressed an unmodified opinion on those Financial Statements. Our opinion is not modified in respect of this matter.

Report on Other Legal and Regulatory Requirements

16. As required by the Companies (Auditor's Report) Order, 2020 ('the Order'), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in the 'Annexure A' a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
17. As required by Section 143(3) of the Act, we report that:
 - 17.1. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - 17.2. In our opinion, proper books of accounts as required by law have been kept by the Company so far as it appears from our examination of those books

- 17.3. The balance sheet, the statement of profit and loss including Other Comprehensive Income, the Statement of Changes in Equity and the Cash Flow Statement dealt with by this Report are in agreement with the books of account.
- 17.4. In our opinion, the aforesaid Financial Statements comply with the Ind AS specified under Section 133 of the Act read with the relevant rules thereunder.
- 17.5. On the basis of the written representations received from the directors as on 31 March 2025 taken on record by the Board of Directors, none of the directors is disqualified as on 31 March 2025 from being appointed as a director in terms of Section 164(2) of the Act.
- 17.6. With respect to the adequacy of the internal financial controls with reference to Financial Statements of the Company and the operating effectiveness of such controls, refer to our separate Report in 'Annexure B'.
- 17.7. In our opinion and according to the information and explanations given to us, the remuneration paid by the Company to its directors during the current year is in accordance with the provisions of Section 197 of the Act. The remuneration paid to any director is not in excess of the limit laid down under Section 197 of the Act.
18. With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014 (as amended), in our opinion and to the best of our information and according to the explanations given to us:
 - 18.1. The Company does not have any pending litigations which would impact its financial position.
 - 18.2. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
 - 18.3. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.
 - 18.4. The Management has represented, to best of their knowledge and belief, that no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person(s) or entity(ies), including foreign entities ('Intermediaries'), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ('Ultimate Beneficiaries') or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
 - 18.5. The Management has represented, to best of their knowledge and belief, that no funds have been received by the Company from any person(s) or entity(ies), including foreign entities ('Funding Parties'), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ('Ultimate Beneficiaries') or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
 - 18.6. Based on such audit procedures, that have been considered reasonable and appropriate in the circumstances, performed by us, nothing has come to our notice that has caused us to believe that the representation under para 18.4 and 18.5 contain any material misstatement.
 - 18.7. The Company has not declared or paid dividend during the year, accordingly compliance with section 123 of the Act by the Company is not applicable.

kkc & associates llp

Chartered Accountants

(formerly Khimji Kunverji & Co LLP)

18.8. Based on our examination which included test checks, the company has used an accounting software for maintaining its books of account which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software. Further, during the course of our audit we did not come across any instance of audit trail feature being tampered with.

18.9. Additionally, the audit trail has been preserved by the Company as per the statutory requirements for record retention.

Annexure 'A' to the Independent Auditor's Report on the Standalone Financial Statements of Alpha Alternatives Financial Services Private Limited (Formerly known as 'Provincial Finance and Leasing Co Private Limited) for the year ended 31 March 2025

(Referred to in paragraph 16 under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

- i. (a) The Company has maintained proper records showing full particulars including quantitative details and situation of Property, Plant and Equipment ('PPE').
The Company does not have any intangible assets.
- (b) The Company has a regular programme of physical verification of its PPE by which all PPE are verified in a phased manner over a period of 3 years. In our opinion, this periodicity of physical verification is reasonable having regard to the size of the Company and the nature of its assets. Pursuant to the programme, certain PPE were physically verified by the Management during the year. In our opinion, and according to the information and explanations given to us, no material discrepancies were noticed on such verification.
- (c) The company does not have any immovable property. Therefore, provision of clause 3(i)(c) of the order is not applicable to the company.
- (d) In our opinion and according to the information and explanations given to us, the Company has not revalued its PPE during the year.
- (e) In our opinion and according to the information and explanations given to us and on the basis of our examination of the records of the Company, no proceedings have been initiated or are pending against the Company for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (45 of 1988) and rules made thereunder.
- ii. (a) The Company does not have any inventory, hence physical verification of inventory and reporting under clause 3(ii)(a) of the Order is not applicable.
- (b) The Company has not been sanctioned any working capital limits at any point of time during the year, from banks or financial institutions.
- iii. (a) The Company is registered with Reserve Bank of India (RBI) under section 45-IA as a non-banking financial company. Accordingly, the provisions of clause 3(iii)(a) of the Order are not applicable to the Company.
- (b) In our opinion and according to the information and explanations given to us, the investments made, and the terms and conditions of the grant of all loans and advances in the nature of loans are not prejudicial to the Company's interest.
- (c) In our opinion and according to the information and explanations given to us, in respect of loans and advances in the nature of loans, the schedule of repayment of principal and payment of interest has been stipulated and the repayments or receipts are regular during the year.
- (d) No amount is overdue in respect of loans and advances in the nature of loans.
- (e) The Company is registered with Reserve Bank of India (RBI) under section 45-IA as a non-banking financial company. Accordingly, the provisions of clause 3(iii)(e) of the Order are not applicable to the Company

- (f) The Company has not granted any loans or advances in the nature of loans to Promoters/Related Parties (as defined in section 2(76) of the Act which are either repayable on demand or without specifying any terms or period of repayment.
- iv. In our opinion and according to the information and explanations given to us, the Company has complied with the provisions of sections 185 of the Act with respect to the loans given, investments made, guarantees given and security provided. The Company is a Non-banking financial company, due to which its investments are exempted under Section 186 (11) (b) Company has not made investments through more than two layers of investment companies in accordance with the provisions of Section 186(1) of the Act.
- v. In our opinion and according to the information and explanations given to us, the Company has not accepted any deposits or amounts which are deemed to be deposits from the public during the year in terms of directives issued by the Reserve Bank of India or the provisions of Sections 73 to 76 or any other relevant provisions of the Act and the rules framed thereunder. Accordingly, clause 3(v) of the Order is not applicable to the Company.
- vi. The Company is not required to maintain cost records under Section 148(1) of the Companies Act, 2013 read with Companies (Cost Records and Audit) Rules, 2014 and hence reporting under clause 3(vi) of the Order is not applicable to the Company.
- vii. (a) In our opinion and according to the information and explanations given to us, amounts deducted/accrued in the books of account in respect of undisputed statutory dues including Goods and Services Tax, provident fund, employees' state insurance, income-tax, sales-tax, service tax, duty of customs, duty of excise, value added tax, cess and any other statutory dues have been regularly deposited by the Company with the appropriate authorities.

According to the information and explanations given to us, no undisputed amounts payable in respect of provident fund, employees' state insurance, Goods and Services Tax, duty of customs, cess and other material statutory dues were in arrears as at 31 March 2025 for a period of more than six months from the date they became payable.

- (b) In our opinion and according to the information and explanations given to us, we confirm that the following dues of income tax have not been deposited to/with the appropriate authority on account of any dispute.

We confirm that there are no dues of Goods and Services Tax, provident fund, employees' state insurance, sales-tax, service tax, duty of customs, duty of excise, value added tax, cess and any other statutory dues, which have not been deposited to/with the appropriate authority on account of any dispute.

Name of the Statute	Nature of the Dues	Amount Rs in Lakhs	Period to which the amount relates (AY)	Forum where dispute is pending	Remarks, if any
Income tax Act 1961	Intimation under section 143(1)	0.48	2023-24	CPC	Rectification order pending from Income-tax authorities
Income tax Act 1961	Intimation under section 143(3)	8.11	2023-24	CPC	Rectification submission to be filed for the same.
Income tax Act 1961	Intimation under section 143(1)	3.32	2024-25	CPC	Rectification submission to be filed for the same.

- viii. In our opinion, and according to the information and explanations given to us and on the basis of our examination of the records of the Company, we confirm that we have not come across any transactions not recorded in the books of account which have been surrendered or disclosed as income during the year in the tax assessments under the Income Tax Act, 1961.
- ix. (a) In our opinion, the Company has not defaulted in repayment of loans or other borrowings to financial institutions, banks, government and dues to debenture holders or in the payment of interest thereon to any lender.
- (b) According to the information and explanations given to us and on the basis of our audit procedures, we report that the Company has not been declared willful defaulter by any bank or financial institution or government or any government authority or any other lender.
- (c) In our opinion, according to the information and explanations given to us, the Company has not obtained any term loans during the year. The borrowings consist of Market Linked Debentures, the proceeds of which have been utilized for the purposes as specified in the respective offer documents/placement memorandum.
- (d) The Company has not raised any loans on short term basis and hence, reporting under clause 3(ix)(d) of the Order is not applicable to the Company.
- (e) The Company does not have any subsidiaries, associates or joint ventures. Accordingly, the provisions of the clauses (ix)(e) & (f) of the Order are not applicable to the Company.
- x. (a) The Company did not raise money by way of initial public offer or further public offer of shares during the year. However, during the year, the Company has made a private placement of Secured Market linked Debentures, Subordinated Debt and Compulsory Convertible Preference Shares.
- (b) In our opinion and according to the information and explanations given to us, the Company has complied with the provisions of Sections 42 and 62 of the Act in connection with the funds raised through private placement of shares and market linked debentures and the same have been utilised for the purposes for which they were raised.

- xi. (a) In our opinion and according to the information and explanations given to us, there has been no fraud by the Company or any fraud on the Company that has been noticed or reported during the year.
- (b) In our opinion and according to the information and explanations given to us, no report under sub section (12) of section 143 of the Act has been filed by the auditors in Form ADT-4 as prescribed under rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government.
- (c) As represented to us by the Management, there are no whistle blower complaints received by the Company during the year.
- xii. In our opinion, and according to the information and explanations given to us, the Company is not a Nidhi company. Accordingly, clause 3(xii) of the Order is not applicable to the Company.
- xiii. According to the information and explanations given to us and based on our examination of the records of the Company, transactions with the related parties are in compliance with Sections 177 and 188 of the Act where applicable and details of such transactions have been disclosed in the financial statements as required by the applicable accounting standards.
- xiv. (a) In our opinion and based on our examination, the Company has an internal audit system commensurate with the size and nature of its business.
- (b) We have considered the internal audit reports of the Company issued till date, for the period under audit and no material deficiencies have been observed which impact our reporting under this Order.
- xv. According to the information and explanations given to us, in our opinion during the year the Company has not entered into any non-cash transactions with its directors or persons connected with its directors. Accordingly, clause 3(xv) of the Order is not applicable to the Company.
- xvi. (a) The Company is required to be registered under Section 45-IA of the Reserve Bank of India Act, 1934 and the Company has obtained the required registration.
- (b) The Company has conducted Non-Banking Financial or Housing Finance activities and has obtained a valid Certificate of Registration ('CoR') from the Reserve Bank of India as per the Reserve Bank of India Act, 1934..
- (c) The Company is not a CIC as defined in the regulations made by Reserve Bank of India.
- (d) The Group has No CIC as part of the Group.
- xvii. The Company has not incurred any cash losses in the financial year and in the immediately preceding financial year.
- xviii. There has been resignation of the statutory auditors during the year and we have taken into consideration the issues, objections or concerns raised by the outgoing auditors.
- xix. According to the information and explanations given to us and on the basis of the financial ratios, ageing and expected dates of realization of financial assets and payment of financial liabilities, other information accompanying the financial statements, our knowledge of the Board of Directors and Management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention,

which causes us to believe that any material uncertainty exists as on the date of the audit report that the Company is not capable of meeting its liabilities existing at the date of balance sheet

kkc & associates llp

as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date will get discharged by the Company as and when they fall due.

- xx. (a) In respect of other than ongoing projects, there are no unspent amounts in respect of CSR that are required to be transferred to a fund specified in Schedule VII of the Companies Act (the Act), in compliance with second proviso to sub section 5 of section 135 of the Act.
- (b) As at balance sheet date, the Company does not have any amount remaining unspent under Section 135(5) of the Act. Accordingly, reporting under clause 3(xx)(b) of the Order is not applicable

Annexure 'B' to the Independent Auditors' report on the Standalone Financial Statements of Alpha Alternatives Financial Services Private Limited (Formerly known as 'Provincial Finance and Leasing Co Private Limited) 'for the year ended 31 March 2025

(Referred to in paragraph '17.6' under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

Report on the Internal Financial Controls with reference to the aforesaid Standalone Financial Statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ('the Act').

Opinion

1. We have audited the internal financial controls with reference to the Standalone Financial Statements of Alpha Alternatives Financial Services Private Limited (Formerly known as 'Provincial Finance and Leasing Co Private Limited ('the Company') as at 31 March 2025 in conjunction with our audit of the Standalone Financial Statements of the Company for the year ended on that date.
2. In our opinion, the Company has, in all material respects, an adequate internal financial controls with reference to the Standalone Financial Statements and such internal financial controls were operating effectively as at 31 March 2025, based on the internal controls over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India ('the Guidance Note').

Management's responsibility for Internal Financial Controls

3. The Company's management is responsible for establishing and maintaining internal financial controls based on the internal controls over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's responsibility

4. Our responsibility is to express an opinion on the Company's internal financial controls with reference to the Standalone Financial Statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing ('SA '), prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls with reference to the Standalone Financial Statements. Those SAs and the Guidance Note require that we comply with the ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to the Standalone Financial Statements were established and maintained and whether such controls operated effectively in all material respects.
5. Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system with reference to the Standalone Financial Statements and their operating effectiveness. Our audit of internal financial controls with reference to the Standalone Financial Statements included obtaining an understanding of internal financial controls with reference to the Standalone Financial Statements, assessing the risk that a material weakness exists,

and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the Standalone Financial Statements, whether due to fraud or error.

6. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to the Standalone Financial Statements.

Meaning of Internal Financial Controls with reference to the Standalone Financial Statements

7. A company's internal financial controls with reference to the Standalone Financial Statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of Standalone Financial Statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to the Standalone Financial Statements include those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company ; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of Standalone Financial Statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorisations of management and directors of the Company ; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Company's assets that could have a material effect on the Standalone Financial Statements.

Inherent Limitations of Internal Financial Controls with reference to the Standalone Financial Statements

8. Because of the inherent limitations of internal financial controls with reference to the Standalone Financial Statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to the Standalone Financial Statements to future periods are subject to the risk that the internal financial controls with reference to the Standalone Financial Statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Note 1. Corporate Information

Alpha Alternatives Financial Services Private Limited (formerly known as "Provincial Finance and Leasing Co Private Limited") ('the Company'), incorporated in India, is a private limited company. The Company is Non-Deposit Accepting Non-Banking Financial Company ('NBFC') as defined under Section 45-IA of the Reserve Bank of India ('RBI') Act, 1934. The company, a Systemically Important non-banking financial company (NBFC) has been classified by Reserve Bank of India as a middle layer NBFC. The company is wholly owned subsidiary of Alpha Alternatives Holdings Private Limited.

Note 2A. Basis of Preparation and Presentation of Financial Statements

(a) Statement of Compliance

The financial statements have been prepared in accordance with Indian Accounting Standards (Ind AS) as prescribed in the Companies (Indian Accounting Standards) Rules, 2015 as amended from time to time and notified under section 133 of the Companies Act, 2013 (the Act) along with other relevant provisions of the Act.

(b) Basis of Preparation

The financial statements are prepared on a going concern basis as the Management is satisfied that the Company shall be able to continue its business for the foreseeable future and no material uncertainty exists that may cast significant doubt on the going concern assumption. In making this assessment, the Management has considered a wide range of information relating to present and future conditions, including future projections of profitability, cash flows and capital resources.

Presentation of financial statements

The Company presents its Balance Sheet in the order of liquidity.

The Company prepares and presents its Balance Sheet, the Statement of Profit and Loss and the Statement of Changes in Equity in the format prescribed by Division III of Schedule III to the Act. The Statement of Cash Flows has been prepared and presented as per the requirements of Ind AS 7 'Statement of Cash Flows' under indirect method.

The Company generally reports financial assets and financial liabilities on a gross basis in the Balance Sheet. They are offset and reported net only where it has legally enforceable right to offset the recognised amounts and the Company intends to either settle on a net basis or to realise the asset and settle the liability simultaneously as permitted by Ind AS. Similarly, the Company offsets incomes and expenses and reports the same on a net basis where the netting off reflects the substance of the transaction or other events as permitted by Ind AS.

The financial statements are presented in Indian Rupees, which is the functional currency of the Company and the currency of the primary economic environment in which the company operates and all values are rounded to lakh except when otherwise stated.

(c) Basis of Measurement

The financial statements have been prepared on the historical cost basis except for certain financial instruments which are measured at fair values and net defined benefit liability/assets which are valued based on actuarial valuation.

(d) Use of significant estimates and judgments

The preparation of financial statements, in conformity with the Ind AS, requires judgements, estimates and assumptions to be made, that affect the reported amounts of assets and liabilities on the date of the financial statements, the reported amounts of revenues and expenses during the reporting period and the disclosures relating to contingent liabilities as on

date of the financial statements. Although these estimates are based on the Management's best knowledge of current events and actions, uncertainty about these assumptions and estimates could result in outcomes different from the estimates. Difference between actual results and estimates is recognised in the period in which the results are known or materialised. Estimates and underlying assumptions are reviewed on an ongoing basis. Any revision to accounting estimates is recognised prospectively in the current and future periods.

Information about critical judgments in applying accounting policies, as well as estimates and assumptions that have the most significant effect on the amounts recognised in the financial statements are included in the following notes:

i. Business model assessment

Classification and measurement of financial assets depends on the results of the solely payment of principal and interest ('SPPI') and the business model test. The Company determines the business model at a level that reflects how the Company's financial assets are managed together to achieve a particular business objective. This assessment includes judgement reflecting all relevant evidence including how the performance of the assets is evaluated and their performance measured, the risks that affect the performance of the assets and how these are managed and how the managers of the assets are compensated.

The Company monitors financial assets measured at amortised cost, fair value through Profit & Loss or fair value through other comprehensive income that are derecognised prior to their maturity to understand the reason for their disposal and whether the reasons are consistent with the objective of the business for which the asset was held. Monitoring is part of the Company's continuous assessment of whether the business model for which the remaining financial assets are held continues to be appropriate and if it is not appropriate whether there has been a change in business model and so a prospective change to the classification of those assets.

The Company's business model is not assessed on an instrument-by-instrument basis, but at a higher level of aggregated portfolios and is based on observable factors such as:

- How the performance of the business model and the financial assets held within that business model are evaluated and reported to the Company's key management personnel.
- The risks that affect the performance of the business model (and the financial assets held within that business model) and, in particular, the way those risks are managed.
- How managers of the business are compensated (for example, whether the compensation is based on the fair value of the assets managed or on the contractual cash flows collected).

ii. Impairment of Financial Assets

The Company recognises loss allowances for Expected Credit Losses (ECL) on the following financial instruments that are not measured at FVTPL:

- Loans and advances;
- Debt investment securities;

The measurement of impairment losses across all categories of financial assets requires judgement, in particular, the estimation of the amount and timing of future cash flows and collateral values when determining impairment

losses and the assessment of a significant increase in credit risk. These estimates are driven by a number of factors. Any changes in these factors can result in different levels of allowances.

The Company records allowance for expected credit losses for all loans, together with loan commitments, in this section referred to as ‘financial instruments’ other than those measured at FVTPL.

The Company’s Expected Credit Loss (ECL) calculations are outputs of models with a number of underlying assumptions regarding the choice of variable inputs and their interdependencies. Elements of the ECL models that are considered as accounting judgements and estimates include:

- The Company’s internal credit grading model, which assigns Probability of Defaults (PDs) to the individual grades
- The Company’s criteria for assessing if there has been a significant increase in credit risk and so allowances for financial assets should be measured on a (Long Term Expected Credit Loss) LTECL basis and the qualitative assessment
- The segmentation of financial assets when their ECL is assessed on a collective basis
- Development of ECL models, including the various formulas and the choice of inputs
- Determination of associations between macroeconomic scenarios and, economic inputs, such as unemployment levels and collateral values, and the effect on PDs, Exposure at Defaults (EADs) and Loss Given Default (‘LGDs’)
- Selection of forward-looking macroeconomic scenarios and their probability weightings, to derive the economic inputs into the ECL models.

It has been the Company’s policy to regularly review its models in the context of actual loss experience and adjust when necessary.

iii. Other Estimates

Provision and contingent liability: On an ongoing basis, Company reviews pending cases, claims by third parties and other contingencies. For contingent losses that are considered probable, an estimated loss is recorded as an accrual in financial statements. Loss Contingencies that are considered possible are not provided for but disclosed as Contingent liabilities in the financial statements. Contingencies, the likelihood of which is remote are not disclosed in the financial statements. Gain contingencies are not recognized until the contingency has been resolved and amounts are received or receivable.

Defined employee benefit assets and liabilities

The cost of the defined benefit gratuity plan and the present value of the gratuity obligation are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate; future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed annually.

Effective Interest Rate (EIR) Method : The Company’s EIR methodology, recognises interest income / expense using a rate of return that represents the best estimate of a constant rate of return over the expected behavioural life of loans given / taken and recognises the effect of potentially different interest rates at various stages and other characteristics of the financial instruments.

This estimation, by nature, requires an element of judgment regarding the expected behaviour and life-cycle of the instruments, as well expected changes to India’s base rate and other fee income/ expense that are integral parts of the instrument.

Recognition of deferred tax assets: Deferred tax assets are recognised for unused tax-loss carry forwards and unused tax credits to the extent that realisation of the related tax benefit is probable. The assessment of the probability with regard to the realisation of the tax benefit involves assumptions based on the history of the entity and budgeted data for the future.

Share based payments: The Company account for share based payment by measuring and recognizing as compensation expense the fair value of all share-based payment awards made to employees based on estimated grant date fair values. The determination of fair value involves a number of significant estimates. The Company uses the Black Scholes option pricing model to estimate the value of employee stock options which requires a number of assumptions to determine the model inputs. These include the expected volatility of Company’s stock and employee exercise behaviour which are based on historical data as well as expectations of future developments over the term of the option. As stock-based compensation expense is based on awards ultimately expected to vest. Management’s estimate of exercise is based on historical experience but actual exercise could differ materially as a result of voluntary employee actions and involuntary actions which would result in significant change in our share based compensation expense amounts in the future.

Property, plant and equipment and Intangible Assets: Management reviews the estimated useful lives and residual values of the assets annually in order to determine the amount of depreciation to be recorded during any reporting period. The useful lives and residual values as per schedule II of the Companies Act, 2013 or are based on the Company’s historical experience with similar assets and taking into account anticipated technological changes, whichever is more appropriate.

Note 2B. Material Accounting Policies

(a) Revenue recognition

i. Recognition of interest income and Dividend Income

Interest income on loans is recognised in Statement of profit and loss using the effective interest method for all financial instruments measured at amortised cost. The ‘effective interest rate’ is the rate that exactly discounts estimated future cash payments or receipts through the expected life of the financial instrument.

The calculation of the effective interest rate includes transaction costs and fees that are an integral part of the contract. Transaction costs include incremental costs that are directly attributable to the acquisition of financial asset.

If expectations regarding the cash flows on the financial asset are revised for reasons other than credit risk, the adjustment is recorded as a positive or negative adjustment to the carrying amount of the asset in the balance sheet with an increase or reduction in interest income. The adjustment is subsequently amortised through Interest income in the Statement of profit and loss.

The Company calculates interest income by applying the EIR to the gross carrying amount of financial assets other than credit-impaired assets.

When a financial asset becomes credit-impaired, the Company calculates interest income by applying the effective interest rate to the net amortised cost of the financial asset. If the financial asset cures and is no longer credit impaired, the Company reverts to calculating interest income on a gross basis.

Additional interest and interest on trade advances, are recognised when they become measurable and when it is not unreasonable to expect their ultimate collection. Interest income on Securities is recognised on a time proportion basis taking into account the amount outstanding and the interest rate applicable. Interest are recognised when they become measurable and when it is not unreasonable to expect their ultimate collection.

Dividend on shares is recognized as income when the right to receive the dividend is established.

ii. Gain on sale of investments

The realised gains/losses from financial instruments at Fair Value through Profit & Loss represents the difference between the carrying amount of a financial instrument at the beginning of the reporting period, or the transaction price if it was purchased in the current reporting period, and its settlement price.

iii. Gain/(Loss) of Fair value changes

Any differences between the fair values of financial assets classified as fair value through the profit or loss, held by the Company on the balance sheet date is recognised as an unrealised gain / loss.

Similarly, any realised gain or loss on sale of financial instruments measured at FVTPL is recognised in net gain / loss on sale of financial instruments.

However, net gain / loss on derecognition of financial instruments classified as amortised cost is presented separately under the respective head in the 1`Statement of Profit and Loss.

(b) Financial instruments

Initial recognition and measurement

Financial assets and financial liabilities are recognized when the entity becomes a party to the contractual provisions of the instrument. Regular way purchases and sales of financial assets are recognized on trade-date, the date on which the Company commits to purchase or sell the asset.

At initial recognition, the Company measures a financial asset or financial liability at its fair value plus or minus, in the case of a financial asset or financial liability not at fair value through profit or loss, transaction costs that are incremental and directly attributable to the acquisition or issue of the financial asset or financial liability, such as fees and commissions. Transaction costs of financial assets and financial liabilities carried at fair value through profit or loss are expensed in profit or loss. Immediately after initial recognition, an expected credit loss allowance (ECL) is recognized for financial assets measured at amortized cost.

When the fair value of financial assets and liabilities differs from the transaction price on initial recognition, the entity recognizes the difference as follows:

- When the fair value is evidenced by a quoted price in an active market for an identical asset or liability (i.e. a Level 1 input) or based on a valuation technique that uses only data from observable markets, the difference is recognized as a gain or loss.
- In all other cases, the difference is deferred and the timing of recognition of deferred day one profit or loss is determined individually. It is either amortized over the life of the instrument, deferred until the instrument's fair value can be determined using market observable inputs, or realized through settlement.

When the Company revises the estimates of future cash flows, the carrying amount of the respective financial assets or financial liability is adjusted to reflect the new estimate discounted using the original effective interest rate. Any changes are recognized in profit or loss.

Fair value of financial instruments

Some of the Company’s assets and liabilities are measured at fair value for financial reporting purpose. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date regardless of whether that price is directly observable or estimated using another valuation technique.

Fair value measurements under Ind AS are categorized into Level 1, 2, or 3 based on the degree to which the inputs to the fair value measurement are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

- Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities that the Company can access at measurement date
- Level 2: inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly or indirectly; and
- Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs) that the Company can access at measurement date.

Financial assets

i. Classification and subsequent measurement

The Company has applied Ind AS 109 and classifies its financial assets in the following measurement categories:

- Fair value through profit or loss (FVTPL);
- Fair value through other comprehensive income (FVOCI); or
- Amortized cost.

Financial assets carried at Amortised cost

A financial asset is measured at the amortised cost if both the following conditions are met:

- The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows, and
- Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding. After initial measurement, such financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included in interest income in the Statement of Profit and Loss.

Fair value through other comprehensive income

Financial assets that are held within a business model whose objective is achieved by both, selling financial assets and collecting contractual cash flows that are solely payments of principal and interest, are subsequently measured at fair value through other comprehensive income. Fair value movements are recognized in the other comprehensive income (OCI). Interest income measured using the EIR method and impairment losses, if any are recognised in the Statement of Profit and Loss. On derecognition, cumulative gain or loss previously recognised in OCI is reclassified from the equity to ‘other income’ in the Statement of Profit and Loss.

Fair value through profit or loss

A financial asset not classified as either amortised cost or FVOCI, is classified as FVTPL. Such financial assets are measured at fair value with all changes in fair value, including interest income

Equity instruments

Equity instruments are instruments that meet the definition of equity from the issuer’s perspective; that is, instruments that do not contain a contractual obligation to pay and that evidence a residual interest in the issuer’s net assets.

All investments in equity instruments classified under financial assets are initially measured at fair value, the Company may, on initial recognition, irrevocably elect to measure the same either at FVOCI or FVTPL. The Company makes such election on an instrument-by-instrument basis. Fair value changes on an equity instrument is recognised as revenue from operations in the Statement of Profit and Loss unless the Company has elected to measure such instrument at FVOCI. Fair value changes excluding dividends, on an equity instrument measured at FVOCI are recognized in OCI. Amounts recognised in OCI are not subsequently reclassified to the Statement of Profit and Loss. Dividend income on the investments in equity instruments are recognised as ‘Revenue from operations’ in the Statement of Profit and Loss.

Investments in mutual funds are measured at fair value through profit and loss (FVTPL).

Derivatives

A derivative is a financial instrument or other contract with all three of the following characteristics:

- Its value changes in response to the change in a specified interest rate, financial instrument price, commodity price, foreign exchange rate, index of prices or rates, credit rating or credit index, or other variable, provided that, in the case of a non-financial variable, it is not specific to a party to the contract (i.e., the ‘underlying’).
- It requires no initial net investment or an initial net investment that is smaller than would be required for other types of contracts expected to have a similar response to changes in market factors.
- It is settled at a future date.

Derivative transaction consists of equity, commodity options, futures, interest rate options etc.

ii. Impairment

The Company recognizes impairment allowances using Expected Credit Losses (“ECL”) method on all the financial assets that are not measured at FVPTL:

ECL are probability-weighted estimate of credit losses. They are measured as follows:

- Financials assets that are not credit impaired – as the present value of all cash shortfalls that are possible within 12 months after the reporting date.
- Financials assets with significant increase in credit risk - as the present value of all cash shortfalls that result from all possible default events over the expected life of the financial assets.
- Financials assets that are credit impaired – as the difference between the gross carrying amount and the present value of estimated cash flows.

Financial assets are written off/fully provided for when there is no reasonable of recovering a financial assets in its entirety or a portion thereof.

However, financial assets that are written off could still be subject to enforcement activities under the Company’s recovery procedures, taking into account legal advice where appropriate. Any recoveries made are recognised in the Statement of Profit and Loss.

As required by RBI Circular reference no. RBI/2019-20/170 DOR (NBFC).CC.PD.No. 109/22.10.106/ 2019-20 dated March 13, 2020; where impairment allowance under Ind AS 109 is lower than the provisioning required as per extant prudential norms on Income Recognition, Asset Classification and Provisioning (IRACP) including borrower/beneficiary wise classification, provisioning for standard as well as restructured assets, NPA ageing, etc., the Company shall appropriate the difference from their net profit or loss after tax to a separate ‘Impairment Reserve’.

iii. Derecognition

A financial asset is derecognised only when:

The Company has transferred the rights to receive cash flows from the financial asset or retains the contractual rights to receive the cash flows of the financial asset, but assumes a contractual obligation to pay the cash flows to one or more recipients.

Where the Company has transferred an asset, the Company evaluates whether it has transferred substantially all risks and rewards of ownership of the financial asset. In such cases, the financial asset is derecognised. Where the entity has not transferred substantially all risks and rewards of ownership of the financial asset, the financial asset is not derecognised.

Where the Company has neither transferred a financial asset nor retains substantially all risks and rewards of ownership of the financial asset, the financial asset is derecognised if the Company has not retained control of the financial asset. Where the Company retains control of the financial asset, the asset is continued to be recognised to the extent of continuing involvement in the financial asset.

Financial liabilities

i. Initial recognition and measurement

All financial liabilities are recognised when the Company becomes a party to the contractual provisions of the financial instrument and are measured initially at fair value adjusted for transaction costs.

ii. Subsequent measurement

Financial liabilities are subsequently measured at amortised cost using the EIR method. Financial liabilities carried at fair value through profit or loss are measured at fair value with all changes in fair value recognised in the Statement of Profit and Loss.

iii. Derecognition

A financial liability is derecognised when the obligation specified in the contract is discharged, cancelled or expires.

Market Linked Debentures ('MLDs')

A hybrid contract is a financial instrument that gives the holder a right to put the financial instrument back to the issuer in exchange for an amount of cash or other financial assets that varies on the basis of the change in an equity or commodity index or value of underlying investments that may increase or decrease. The company has issued Market Linked debenture, a hybrid contract containing embedded derivatives and manages the resulting risks on a fair value basis using a mix of derivative and non-derivative financial instruments.

The Company has financial assets and financial liabilities that share one or more risks and those risks are managed and performance is evaluated on a fair value basis in accordance with a documented risk management or investment strategy. For reporting purpose, the debentures are valued based on the valuation derived by an independent credit rating agency. The valuation technique used to derive value of debenture considers valuation of all the financial assets attributable to the underlying investment strategy.

(c) Offsetting financial instruments

Financial assets and liabilities are offset and the net amount is reported in the balance sheet where there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously. The legally enforceable right must not be contingent on future events and must be enforceable in the normal course of business and in the event of default, insolvency or bankruptcy of the Company or the counterparty.

(d) Employee Benefits

Short-term obligations

Short-term employee benefits are recognized as an expense at the undiscounted amount in the Statement of Profit and Loss for the year in which the related services are rendered. The Company recognises the costs of bonus payments when it has a present obligation to make such payments as a result of past events and a reliable estimate of the obligation can be made.

Compensated absences

The Company does not have a policy of encashment of unavailed leaves for its employees but are permitted to carry forward subject to a prescribed maximum day. Provision is made on actual basis for expected cost of accumulating compensated absences as a result of unused leave entitlement which has accumulated as at the balance sheet date.

Post-employment obligations

Defined contribution plan:

Contribution paid/payable to the recognised provident fund and Employee State Insurance Corporation, which is a defined contribution scheme, is charged to the Statement of Profit and Loss in the period in which they occur.

Defined benefits plan:

Gratuity is post-employment benefit and is in the nature of defined benefit plan. The liability recognised in the Balance Sheet in respect of gratuity is the present value of defined benefit obligation at the Balance Sheet date together with the adjustments for unrecognised actuarial gain or losses and the past service costs. The defined benefit obligation is calculated at or near the Balance Sheet date by an independent actuary using the projected unit credit method. Actuarial gains and losses comprise experience adjustment and the effects of changes in actuarial assumptions are recognized in the period in which they occur, directly in other comprehensive income. They are included in retained earnings in the statement of changes in equity and in the balance sheet.

National Pension Scheme and Employee State Insurance Corporation

Contribution paid/payable to the recognised NPS and ESIC, which is a defined contribution scheme, is charged to the Statement of Profit and Loss in the period in which they occur.

Employee Share Based Compensation

Certain employees of the Company are covered under the stock option plans of the Holding Company. These Schemes are in the nature of equity settled share-based compensation and are assessed, managed and administered by the Holding Company.

In case of equity settled awards, the fair value of awards at the grant date is amortised over the vesting period using accelerated method and cost recognised as an employee benefits expenses in the Statement of Profit and Loss with a corresponding increase in other financial liabilities. The corresponding impact of the expense recorded on account of such grants are recorded as payable to the Holding Company.

(e) Finance costs

Finance costs represents interest expense recognised by applying the Effective Interest Rate (EIR) to the gross carrying amount of financial liabilities other than financial liabilities classified as FVTPL.

The EIR in case of a financial liability is computed:

- As the rate that exactly discounts estimated future cash payments through the expected life of the financial liability to the gross carrying amount of the amortised cost of a financial liability.
- By considering all the contractual terms of the financial instrument in estimating the cash flows.
- Including all fees paid between parties to the contract that are an integral part of the effective interest rate, transaction costs, and all other premiums or discounts.

Any subsequent changes in the estimation of the future cash flows is recognised in interest expense with the

corresponding adjustment to the carrying amount of the financial liability.

Interest expense includes issue costs that are initially recognised as part of the carrying value of the financial liability and amortised over the expected life using the effective interest method. These include fees and commissions payable to advisers and other expenses such as external legal costs, rating fee etc, provided these are incremental costs that are directly related to the issue of a financial liability.

(f) Borrowing Costs

Expenses related to borrowing cost are accounted using effective interest rate. Borrowing costs are interest and other costs incurred in connection with the borrowing of funds. Borrowing costs directly attributable to acquisition or construction of an asset which necessarily take a substantial period of time to get ready for their intended use are capitalised as part of the cost of that asset.

(g) Taxation

The income tax expense or credit for the period is the tax payable on the current period's taxable income based on the applicable income tax rate adjusted by changes in deferred tax assets and liabilities attributable to temporary differences and to unused tax losses. Current and deferred tax is recognized in Statement of profit and loss, except to the extent that it relates to items recognized in other comprehensive income or directly in equity. In this case, the tax is also recognized in other comprehensive income or directly in equity, respectively.

Current Tax

Current tax is measured at the amount of tax expected to be payable on the taxable income for the year as determined in accordance with the provisions of the Income Tax Act, 1961. Current tax assets and current tax liabilities are off set when there is a legally enforceable right to set off the recognized amounts and there is an intention to settle the asset and the liability on a net basis.

Deferred Tax

Deferred tax is provided in full, using the liability method, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements. However, deferred tax liabilities are not recognized if they arise from the initial recognition of goodwill. Deferred tax is determined using tax rates (and laws) that have been enacted or substantially enacted by the end of the reporting period and are expected to apply when the related deferred income tax asset is realized or the deferred income tax liability is settled.

Deferred tax assets are recognized for all deductible temporary differences and unused tax losses only if it is probable that future taxable amounts will be available to utilize those temporary differences and losses.

Deferred tax liabilities are not recognized for temporary differences between the carrying amount and tax bases of investments in subsidiaries and associates where the Company is able to control the timing of the reversal of the temporary differences and it is probable that the differences will not reverse in the foreseeable future.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority.

(h) Property, plant and equipment

Property, plant and equipment (PPE) are carried at historical cost of acquisition less accumulated depreciation and accumulated impairment losses, (if any). The total cost of assets comprises its purchase price, freight, duties, taxes and any other incidental expenses directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by the management. Changes in the expected useful life are accounted for by changing the depreciation period or methodology, as appropriate, and treated as changes in accounting estimates. Subsequent expenditure related to an item of tangible asset are added to its gross value only if it increases the future benefits of the existing asset, if it is probable that future economic benefit will flow to the Company from that expenditure and cost can be measured reliably. Other repairs and maintenance costs are expensed off as and when incurred.

Depreciation

Depreciation is calculated using the straight-line method to write down the cost of property and equipment to their residual values over their estimated useful lives which is in line with the estimated useful life as specified in Schedule II of the Companies Act, 2013. The estimated useful lives are as follows:

Particulars	Useful life as prescribed by Schedule II of the Companies Act, 2013	Useful life estimated by Company
Building	60 years	60 years
Plant and machinery	15 years	15 years
Electrical equipment	10 years	10 years
Generator	10 years	10 years
Furniture and fixture	10 years	10 years
Air conditioner	5 years	5 years
Electronic equipment	5 years	5 years
Office equipment	5 years	5 years
Refrigerator	5 years	5 years
Motor car	8 years	8 years
Vehicles	10 years	10 years
Server and networking	6 years	6 years
Computer	3 years	3 years

Property, plant and equipment is derecognised on disposal or when no future economic benefits are expected from its use. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is recognised in other income/ expense in the Statement of Profit and Loss in the year the asset is derecognised.

Depreciation on assets acquired/ sold during the year is recognised on a pro-rata basis to the Statement of Profit and Loss from/ upto the date of acquisition/ sale.

(i) Provisions and contingencies:

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable

estimate can be made of the amount of the obligation. Provisions are measured at the best estimate of the expenditure required to settle the present obligation at the reporting date.

Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount cannot be made. Contingent assets are neither recognised nor disclosed in the financial statements.

(j) Cash and cash equivalents

For the purpose of presentation in the statement of cash flows, cash and cash equivalents includes cash on hand, deposits held at call with financial institutions, other short-term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value. Outstanding bank overdrafts are not considered integral part of the Company’s cash management.

(k) Earnings per share

Basic earnings per share

Basic earnings per share is calculated by dividing the net profit for the period (excluding other comprehensive income) attributable to equity share holders of the Company by the weighted average number of equity shares outstanding during the financial year, adjusted for bonus element in equity shares issued during the year.

Diluted earnings per share

Diluted earnings per share is computed by dividing the net profit for the period attributable to equity shareholders by the weighted average number of shares outstanding during the period as adjusted for the effects of all diluted potential equity shares except where the results are anti-dilutive.

(l) Other income and expenses

All other income and expenses are recognised in the period in which they occur.

Footnote:

Market Linked Debentures

The above mentioned Market Linked Debentures are Rated, Secured, Listed, Transferable, Redeemable, Principal Protected Market Linked Non-Convertible Debentures (MLDs) carrying variable interest rate which is linked to Underlying Investment Strategy over the tenure of the debentures.

The MLDs are secured against investments made by the company using such proceeds i.e. all the right, title, benefits attached to the Debenture Accounts and the monies lying in Debenture Accounts.

The interest rate/range of MLDs is completely linked to the performance of underlying investment strategy.

The Underlying Investment Strategy is a combination of active, market non-directional strategies which invests in shares, commodities, currencies, debentures, bonds, depository receipts, options, derivatives, government securities, credit, alternative investments, structured products, ETF & financial instruments aiming to achieve consistent absolute returns across different market conditions. The Underlying Investment Strategy endeavours to invest across multiple strategies to construct a well-diversified investment pool with high focus on risk management and control.

The interest rate/range of the MLDs is not fixed and hence cannot be ascertained. The MLDs are valued based on the valuation derived by an independent valuer. The valuation technique used to derive value of debenture considers valuation of all the financial assets attributable to the Underlying Investment Strategy.

Interest/Coupon Accrual: Interest or coupon shall accrue only when the value per MLD exceeds the subscription amount (Face Value plus Securities Premium). No interest or coupon will be payable where returns are zero or negative.

Redemption Premium:

- Where the value per MLD exceeds the subscription amount: Redemption Premium shall equal to the Premium received at issuance.
- Where the value per MLD is less than the subscription amount: Redemption Premium shall be the higher of (i) value per MLD minus Face Value, or (ii) zero

		25,77,267	13,732.99

Terms of Compulsorily Convertible Preference Shares (CCPS) - Subordinated Liability

Each holder of CCPS shall have the right to convert all or part of the CCPS held by it into Equity Shares at the CCPS Conversion Ratio, on a date that such holder of CCPS may elect, by delivery of a prior written notice of at least 15 (Fifteen) days to the Company. The conversion ratio applicable to such CCPS shall be determined basis the prevailing fair market value of the Equity Shares as determined by a registered valuer at the time of exercise of conversion right by the holders of the CCPS, in accordance with the applicable Law.

All outstanding CCPS shall be compulsorily converted into Equity Shares at the CCPS Conversion Ratio on: (i) the 10th anniversary from the date of allotment, subject to applicable Law; or (ii) a date immediately prior to the closing of an initial public offer of the Company; whichever is earlier.

Nature and purpose of other equity

(i) Retained earnings

Retained earnings or accumulated surplus represents total of all profits retained since Company's inception. Retained earnings are credited with current year profits, reduced by losses, if any, dividend payouts, transfers to General reserve or any such other appropriations to specific reserves.

(ii) Reserve fund in terms of section 45-IC(1) of the Reserve Bank of India Act, 1934

As per Section 45-IC of Reserve Bank of India Act, 1934 every non-banking financial company shall create a reserve fund and transfer therein a sum not less than twenty per cent of its net profit every year as disclosed in the Statement of profit and loss and before any dividend is declared. No appropriation of any sum from the reserve fund shall be made by the non-banking financial company except for the purpose as may be specified by the Reserve Bank of India from time to time and every such appropriation shall be reported to the Reserve Bank of India within twenty-one days from the date of such withdrawal. The said amount has been transferred at the end of the Financial Year.

(iii) General reserve

The general reserve is a free reserve, retained from Company's profits and can be utilized upon fulfilling certain conditions in accordance with specific requirement of Companies Act, 2013

(iv) Securities Premium Reserve

Securities premium reserve is used to record the premium on issue of shares.

Impact of increase in 100 bps on discount rate	27.41	17.56
Impact of decrease in 100 bps on discount rate	33.67	21.36
Impact of increase in 100 bps on salary escalation rate	31.54	20.15
Impact of decrease in 100 bps on salary escalation rate	29.07	18.48
Impact of increase in 100 bps on withdrawal rate	30.49	19.62
Impact of decrease in 100 bps on withdrawal rate	30.03	18.93

Valuation Results:

The assumptions and methodology used in compiling this Report are consistent with the requirements of Ind AS 19

The results are particularly sensitive to some assumptions, such as discount rate, salary inflation, level of assumed mortality

The value of discontinuance liability (if all the accrued benefits were to be settled immediately on the valuation date) as at March 31, 2025 is Rs 66.50 lakhs

Alpha Alternatives Financial Services Private Limited
(formerly known as "Provincial Finance And Leasing Co Private Limited")

Notes to Financial Statement for the year ended March 31, 2025

Note - 31 Employee Stock Option Plan (ESOP)

The eligible employees of the Group have been granted by Alpha Alternatives Holdings Private Limited (AAHPL), stock options under the "ESOP Plan 2022 A" and "ESOP Plan 2022 B" hereinafter referred to as "Stock Options" individually and collectively.

Each Stock options entitles the holder thereof to apply for and be allotted Ordinary Shares of AAHPL of ₹ 1.00 each upon payment of exercise price. These options vest over a period of four years from the date of grant. These options have been granted at 'market price' within the meaning of the Securities and Exchange Board of India (Share Based Employee Benefits and Sweat Equity) Regulations, 2021.

The cost of Stock Options granted under ESOP have been recognised as equity settled share based payments respectively in accordance with Ind AS 102 – Share Based Payment. In terms of the aforesaid arrangement, the Company accounts for the cost of the fair value of stock options granted to the eligible employees as employee benefits expense. The fair value of the stock options granted is determined, using the Black Scholes Option Pricing model, by AAHPL for all the Optionees covered under Stock Options Scheme as a whole.

The summary of movement of such options granted by AAHPL and status of the outstanding options is as under:

ESOP Plan 2022 A

Particulars	As on March 31, 2025 Nos. of Options	As on March 31, 2024 Nos. of Options
Outstanding at the beginning of the year	4,26,700	-
Add: Granted during the year	-	4,26,700
Less: Lapsed during the year	-	-
Add / (Less): Movement of employees to whom options are granted	-	-
Less: Exercised during the year	-	-
Outstanding at the end of the year	4,26,700	4,26,700
Options exercisable at the end of the year	-	-
Exercise Price	39.00	39.00

ESOP Plan 2022 B

Particulars	As on March 31, 2025 Nos. of Options	As on March 31, 2024 Nos. of Options
Outstanding at the beginning of the year	3,22,508	-
Add: Granted during the year	98,545	3,22,508
Less: Lapsed during the year	-	-
Add / (Less): Movement of employees to whom options are granted	-	-
Less: Exercised during the year	-	-
Outstanding at the end of the year	4,21,053	3,22,508
Options exercisable at the end of the year	-	-
Exercise Price	250.69	250.69

In accordance with Ind AS 102, the Company has recognised an amount of Rs 375.47 Lakhs (2024: 734.15 Lakhs) towards Stock Options. Such charge has been recognised as employee benefits expense.

Note - 33 'Fair Value Measurement

Financial Instrument by category and hierarchy

This section explains the judgements and estimates made in determining the fair values of the financial instruments that are recognised and measured at fair value. To provide an indication about the reliability of the inputs used in determining fair value, the Company has classified its financial instruments into the three levels prescribed under the accounting standard. An explanation of each level follows underneath the table.

For financial assets and liabilities that are measured at fair value, the carrying amounts are equal to the fair values.

The Company uses the following hierarchy for determining and disclosing the fair value of financial instruments by valuation technique:

Level 1: The fair value of financial instruments traded in active markets (such as publicly traded derivatives, and equity securities) is based on quoted market prices at the end of the reporting period. These instruments are included in level 1.

Level 2: The fair value of financial instruments that are not traded in an active market (for eg. Market Linked Debentures) is determined using valuation techniques which maximise the use of observable market data and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3.

Alpha Alternatives Financial Services Private Limited
(formerly known as "Provincial Finance And Leasing Co Private Limited")

Notes to Financial Statement for the year ended March 31, 2025

Note - 34 'Capital Management

The Company maintains an actively managed capital base to cover risks inherent in the business, meeting the capital adequacy requirements of Reserve Bank of India (RBI), maintain strong credit rating and healthy capital ratios in order to support business and maximise shareholder value. The adequacy of the Company's capital is monitored by the Board using, among other measures, the regulations issued by RBI.

The pillars of its policy are as follows:

- Maintain diversity of sources of financing and spreading the maturity across tenure buckets in order to minimize liquidity risk.
- Manage financial market risks arising from Interest rate, equity prices and minimise the impact of market volatility on earnings.
- Leverage optimally in order to maximise shareholder returns while maintaining strength and flexibility of balance sheet.

This framework is adjusted based on underlying macro-economic factors affecting business environment, financial market conditions and interest rates environment.

The Company has complied in full with the capital requirements prescribed by RBI over the reported period. Refer Note 38 for disclosure of capital adequacy as per applicable RBI regulations.

Note - 35 Risk Management

The Company's activities expose it to market risk, liquidity risk and credit risk.

Risk	Exposure arising from	Risk Management
(a) Credit risk	Loans and advances, Bonds, Debentures, CDs, Cash and Cash Equivalents, Other financial assets measured at amortized cost.	Credit worthiness of Borrower, Credit Rating, collateral/ security cover & review monitoring. Fixed deposits with highly rated banks
(b) Liquidity risk	Debt Securities and other liabilities	Asset Liability Management and periodic reviews by board/ committee relating to the liquidity position.
(c)(i) Market risk - security price risk	Investments in mutual funds, Investment in Equity, Derivative Positions, Quoted Debt Securities	Portfolio diversification, assessments of fluctuation in the equity price, Hedging, Active risk management across strategies
(c)(ii) Market risk - interest rate risk	Debt Securities at variable rates	Review of cost of funds, Review and monitoring of fixed income portfolio including Government securities, Reverse Repo, CDs etc for mark to market risks

The Company's Board of Directors have overall responsibility for the establishment and oversight of the Company's risk management framework. The Company has established a Risk management Committee which is responsible for developing and monitoring the Company's risk management policies. The committee reports regularly to the board of directors on its activities.

The Company's risk management policies are established to identify and analyse the risks faced by the Company, to set appropriate risk limits and controls and to monitor risks and adherence to limits. Risk management policies and systems are reviewed regularly to reflect changes in market conditions and the Company's activities.

a) Credit risk

Credit risk is the risk that the Company will incur a loss because its counterparties fail to discharge their contractual obligations. The Company's exposure to credit risk is influenced mainly by cash and cash equivalents, loan assets and other financial assets. Based on business environment in which the Company operates, a default on a financial asset is considered when the counter party fails to make payments within the agreed time period as per contract.

i) Credit risk management

The Company considers probability of default upon initial recognition of asset and whether there has been any significant increase in credit risk on an ongoing basis throughout each reporting period. To assess whether there is a significant increase in credit risk the Company compares the risk of default occurring on the asset as at the reporting date with the risk of default as at the date of initial recognition. It considers available reasonable and supportive forward-looking information.

Definition of Default

A default on a financial asset is when the counterparty fails to make contractual payments when they fall due. Such financial assets are considered under Stage 3 (credit impaired) for the purpose of ECL calculation.

ii) Provision for expected credit losses

The Company provides for expected credit loss based on following:

- Low risk : Risk associated with financial assets classified under Stage 1 for the purpose of ECL calculation.
- Medium risk : Risk associated with financial assets classified under Stage 2 for the purpose of ECL calculation
- High risk : Risk associated with financial assets classified under Stage 3 for the purpose of ECL calculation

Alpha Alternatives Financial Services Private Limited
(formerly known as "Provincial Finance And Leasing Co Private Limited")

Notes to Financial Statement for the year ended March 31, 2025

Measurement of Expected Credit Losses

The Company has applied a three-stage approach to measure expected credit losses (ECL) on debt instruments accounted for at amortised cost. Assets migrate through following three stages based on the changes in credit quality since initial recognition:

- (a) Stage 1: 12- months ECL: For exposures where there is no significant increase in credit risk since initial recognition and that are not credit-impaired upon origination, the portion of the lifetime ECL associated with the probability of default events occurring within the next 12- months is recognized.
- (b) Stage 2: Lifetime ECL, not credit-impaired: For credit exposures where there has been a significant increase in credit risk since initial recognition but are not credit-impaired, a lifetime ECL is recognized.
- (c) Stage 3: Lifetime ECL, credit-impaired: Financial assets are assessed as credit impaired upon occurrence of one or more events that have a detrimental impact on the estimated future cash flows of that asset. For financial assets that have become credit-impaired, a lifetime ECL is recognized and interest revenue is calculated by applying the effective interest rate to the amortised cost.

At each reporting date, the Company assesses whether there has been a significant increase in credit risk of its financial assets since initial recognition by comparing the risk of default occurring over the expected life of the asset. In determining whether credit risk has increased significantly since initial recognition, the Company uses information that is relevant and available without undue cost or effort. This includes the Company's internal credit rating grading system, external risk ratings and forward-looking information to assess deterioration in credit quality of a financial asset.

The Company measures the amount of ECL on a financial instrument in a way that reflects an unbiased and probability-weighted amount. The Company considers its historical loss experience and adjusts the same for current observable data. The key inputs into the measurement of ECL are the probability of default, loss given default and exposure at default.

Probability of Default (PD)

The PD represents the likelihood of a borrower defaulting on its financial obligation, either over the next 12 months (12-month PD), or over the remaining lifetime (Lifetime PD) of the obligation.

Loss Given Default (LGD)

LGD represents the Company's expectation of the extent of loss on a defaulted exposure. LGD varies by type of counterparty, type and preference of claim and availability of collateral or other credit support.

Exposure at default (EAD)

Exposure at default is the total value an entity is exposed to when a loan defaults. It is the predicted amount of exposure that an entity may be exposed to when a debtor defaults on a loan. The outstanding principal and outstanding arrears reported as of the reporting date for computation of ECL is used as the EAD for all the portfolios.

b) Liquidity risk

Liquidity risk is the risk that the Company will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The Company's approach to managing liquidity is to ensure, as far as possible, that it will have sufficient liquidity to meet its liabilities when they are due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Company's reputation.

c. Market risk

Market risk is the risk that changes in market prices, foreign exchange rates, interest rates will affect the Company's income or the value of its holdings of financial instruments. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimising the return.

i) Price risk

The Company's investments carry a risk of change in prices. To manage its price risk arising from investments, the Company periodically monitors the performance of the investee companies, assess special situations and corporate actions related to investee companies, measures mark- to- market gains/losses of all financial instruments and reviews the same

ii) Interest rate risk

The Company's main interest rate risk arises from debt securities with variable rates, which expose the Company to cash flow interest rate risk. However, the variable interest rate/ coupon is linked to the performance of underlying investment strategy.

The Company's fixed rate borrowings are carried at amortised cost. They are therefore not subject to interest rate risk as defined in Ind AS 107, since neither the carrying amount nor the future cash flows will fluctuate because of a change in market interest rates.

The Company also has interest rate risk due to investment in fixed income securities like government securities, CDs etc. To manage its risk, the company has established risk management framework and monitors and reviews all the financial instruments accordingly.

iii) Currency risk

Currency risk is the risk that the value of a financial instrument will fluctuate due to changes in foreign exchange rates.

The Company is not exposed to currency risk as at March 31, 2025.
